

ShootersGrip®

These are the original grip kits for extra grip and a steadier, more controlled aim:

SG1 contains a selection of pre-cut shapes suitable for applying to the stock of a rifle. They can also be trimmed to fit.

SG2 is the ultimate kit; design and cut your own using the template material included.

SG4 Full bore shooters grip enhancement pack for the full bore rifle.

More grip... More control

ShootersGloves®

SG13 Select from two types of Shooters Gloves:

a Totally fingerless black leather gloves with a special grip palm surface and padded upper palm area.

b Camouflage gloves with half thumb and forefinger and a special gripping palm surface.

Both gloves provide maximum touch and excellent grip in all types of conditions.

They are available as singles or pairs.

ShootersMat®

SG14 A fully sewn, canvas mat with handles for easy carrying. It is compact and moisture resistant and incorporates 3M Gripping Material at the elbow positions to provide a durable, non-slip contact surface.

Combine this mat with a **jacket modification** (on the elbows) to gain optimum non-slip performance (POA).
